

Pre-Proposal Conference
OPASS 14-13718
Organ and Tissue Donor Registry
7 Jan 14 - 9:00 a.m.

Questions

Q: Clarification: is there MBE subgoal spending or just an overall 28% spending requirement?

A: Pg 73. MBE Goal and Subgoals Attachment D answers this.

Q: Does the RFP build the registry and maintain it moving forward? What is the timeframe on maintenance? Would that be awarded as a separate contract after the fact?

A: Yes, it builds the registry and maintains moving forward. This is all part of the contract.

Q: Attachment J lists Maryland Public Television (MPT) on pg 98 & 99. Is this an error?

A: Yes, it will be changed to VSA.

Q: Tie in to MVA, is there currently a registry now that's being used? Is this an update to it? Is it done via an online system?

A: Yes the historical data comes from motor vehicles and there is a nightly update done via an FTP system. People indicate yes or no to the donor registry.

Q: Veteran spending requirement – is the VSMBE the same as MBE on MDOT or is it on a separate site?

A: Separate site.

Q: Is there intent to combine this with the advanced directive initiative?

A: No

Q: Has a contract amount been determined?

A: No.

Q: Subcontractors: if DHMH terminates the contract, does the contract still pay all subcontractors?

A: Yes

Q: When is the go live date?

A: On or about April 1, 2014.

Additional questions can be addressed to Hal Sommers and Michael Howard and are posted to eMarketplace on Fridays.
